

We seek an experienced, creative Project Manager/Project Architect with 8-12+ years' experience in design and management of K12 projects

Highly Desirable: Significant K12 experience, especially MA public schools and high-performance projects; proficiency overseeing Revit production.

Minimum requirements: B.Arch or M.Arch; MA or other architecture license; strong communication and collaboration skills; demonstrated experience as PM leading design efforts, client and community presentations, and overseeing construction drawings; demonstrated skills in consultant coordination and client relationships; experience with fee proposals; ability to manage project teams and budgets; organizational skills and ability to work independently.

About Us. A collaborative and expanding architecture studio, **Boston-based Studio G** seeks **enthusiastic individuals for socially and environmentally innovative design projects.**

Committed to social equity and inclusiveness, we design **people-centered, place-specific, environmentally sensitive schools, civic projects and housing.** Ours is a diverse, multi-cultural, and LGBTQ-friendly workplace. We value individuals who offer design creativity, problem-solving, and analytical thinking. We welcome people who enjoy mentoring junior staff and seek opportunities for professional growth and advancement within the firm.

Benefits: Competitive salary commensurate with experience. Health Insurance (HMO & PPO), Dental Insurance, and FSA requires no waiting period. Studio G offers 401K with company contribution upon eligibility, professional development and mentoring programs, generous paid time off, support for emerging professionals, and a fun, engaging workplace that encourages a flexible, balanced work-life culture.

Please send resume and portfolio samples less than 7 MB by email to resumes@studiogarchitects.com. Please do not send links to third party websites, which may not be reviewed.

Equal opportunity employer.
